Legal Committee Says It Is Waiting to Finish Plans.

PUBLIC IS SKEPTICAL

Judge Breckinridge Indicates Papers May Be Taken Into Court Tuesday.

Manana.

No change occurred in the manana situation on Monday.

Disappointment was the only reward of those who expected to see a petition filed in the sheriff's court asking that a membership be appointed for the Oklahoma Natural Gas company. "Tomorrow legal proceedings against the company will be started we believe."

That statement which was made yesterday by the legal committee appointed by Mayor C. H. Hubbard to act on the situation was repeated again Monday night.

People all over the city continued to show their lack of faith in any improvement of the gas situation by ordering coal from the office of Mr. C. H. Hubbard all day long.

Even the city kids themselves are distrustful and have installed coal burners in the municipal buildings in order to thicken their inkwells out once more.

Delay in the taking of the promised legal action against the company is explained by the members of the committee as being due to their desire to enter the procedure fully prepared for anything that may develop. "We are not going half-backed on this proposition" was the way one of the attorneys expressed it on Monday night.

"I believe that all of the necessary preparations for the action that we contemplate will be completed Tuesday afternoon and that our papers can be filed in court soon if not tomorrow," said Judge M. A. Breckinridge.

That all information concerning available coal given to the mayor's office is the request of the committee composed of Judge Breckinridge, City Attorney Edwin P. Marshall and Flint Moss. They desire to know the location of all available sources of supply and the names of any persons who have gas to sell or have tried to sell gas to the Oklahoma Natural company.

W. F. Reams Passes.

Senator Owen Wants 3 Young Oklahomans to Enter Annapolis

United States Senator Robert L. Owen in a letter to The World says that he has three vacancies at the naval academy to fill, available for some eligible Oklahomans.

The examination is rigid, and the boys should have at least the equivalent of a high school education, and be under at years of age," says the senator.

Application from any boy who feels that he can pass the examination should be forwarded with endorsement of those who know him, who can vouch for his good character and habits.

TRAINS RESUME SCHEDULES.

All Railroads Giving Coal Cars Right Over Other Freight.

"All passenger trains running through Tulsa have resumed their regular schedules," was the announcement of the Frisco station agent of the Santa Fe and Frisco Monday.

With the coal strike at an end, and all electric coal cars sent to be given precedence over all other classes of freight and they were being dispatched to the coal centers of the state.

This also applies to the Katy and Midland Valley.

GARAGE IS BURNED UP.

E. R. Hobinett's garage at 1623 South Cincinnati was destroyed by fire about 8 o'clock Monday morning. His car was considerably damaged. Loss about \$1,000.

SACRED HEART TO ENLARGE SCHOOL

"Blue Monday" Fails to Affect Work on Buildings.

It is never "blue Monday" at the city building inspector's office, for on the first day of the week more building permits are always issued than on other days of the week.

"Monday is a good day to start things," the inspector says.

Sacred Heart parish church submitted plans for an addition to the present structure at Fifteenth street and Rockford avenue to be used as a school which will cost \$15,000.

Despite the interference caused by inclement weather, residents and wage earners seemed show only slight decrease.

Following are the buildings listed:

Frank R. Jordan residence at 117 South Newport, \$5,500; Mrs. E. L. Landa, residence, 67 North Victor, \$5,000; F. W. Ward, garage, 1738 South Main, \$2,000; J. D. Martin, garage, 1402 South Rockford, residence, \$1,500; Mrs. M. Hobinett, garage, \$600 at 1623 South Cincinnati.
